DECLARATION OF PRINCIPLES

- ☞ We believe in Infinite Intelligence.
- ☞ We believe that the phenomena of nature, both physical and spiritual, are the expression of Infinite Intelligence.
- ☞ We affirm that a correct understanding of such expression and living in accordance therewith constitute true religion.
- ☞ We affirm that the existence and personal identity of the individual continue after the change called death.
- ☞ We affirm that communication with the so-called dead is a fact, scientifically proven by the phenomena of Spiritualism.
- ☞ We believe that the highest morality is contained in the Golden Rule: "Whatsoever ye would that others should do unto you, do ye also unto them."
- ☞ We affirm the moral responsibility of the individual, and that we make our own happiness or unhappiness as we obey or disobey nature's physical and spiritual laws.
- ☞ We affirm that the doorway to reformation is never closed against any human soul here or hereafter.
- ☞ We affirm that the precepts of prophecy and healing contained in the Bible and all sacred writings of the world are Divine attributes proven through mediumship.
