DECLARATION OF PRINCIPLES

- ☞ We believe in Infinite Intelligence.
- ☞ We believe that the phenomena of nature, both physical and spiritual, are the expression of Infinite Intelligence.
- ☞ We affirm that a correct understanding of such expression and living in accordance therewith constitute true religion.
- ☞ We affirm that the existence and personal identity of the individual continue after the change called death.
- ☞ We affirm that communication with the so-called dead is a fact, scientifically proven by the phenomena of Spiritualism.
- ☞ We believe that the highest morality is contained in the Golden Rule: "Whatsoever ye would that others should do unto you, do ye also unto them."
- ☞ We affirm the moral responsibility of the individual, and that we make our own happiness or unhappiness as we obey or disobey nature's physical and spiritual laws.
- ☞ We affirm that the doorway to reformation is never closed against any human soul here or hereafter.
- ☞ We affirm that the precepts of prophecy and healing contained in the Bible and all sacred writings of the world are Divine attributes proven through mediumship.

DECLARATION OF PRINCIPLES
Children's Version

1. We believe in God.
2. We believe that God is expressed through all nature.
3. True religion is living in obedience to Nature's Laws.
4. We never die.
5. Spiritualism proves that we can talk with people in the Spirit World.
6. Be kind, do good, and others will do likewise.
7. We bring unhappiness to ourselves by the errors we make and we will be happy if we obey the Laws of Life.
8. Every day is a new beginning.
9. Prophecy and Healing are expressions of God.
