A labyrinth is an ancient symbol that relates to wholeness. It combines the imagery of the circle and the spiral into a meandering but purposeful path. It represents a journey to our own center and back again out into the world. Labyrinths have long been used as healing meditation and prayer tools. A labyrinth is the archetype with which we can have a direct experience. Walking a labyrinth can be considered an initiation in which one awakens the knowledge encoded within their DNA.

A labyrinth contains non-verbal, implicate geometric and numerological prompts that create a multi-dimensional holographic field. These unseen patterns are referred to as sacred geometry. They allegedly reveal the presence of a cosmic order as they interface the world of material form and the subtler realms of higher conscious. The contemporary resurgence of labyrinths in the west is stemming from our deeply rooted urge to honor again the Sacredness of All Life. A labyrinth can be experienced as the birthing womb of the Great Goddess. Thus, the labyrinth is a potent practice of Self-Integration as it encapsulates the spiraling journey in and out of incarnation. On the journey in, toward the center, one cleanses the dirt of the road. On the journey out, one is born anew to consciously dwell in a human body, made holy by having got a taste of the Infinite Center.

Come join Rev. Glenda Cadarette – Veriditas trained Labyrinth Facilitator, for a day of mystical cosmic energy with Camp Chesterfield's own Powerful Labyrinth. The workshop will include lectures, opening the labyrinth vortex, journaling and directed Labyrinth Walk.
