DECLARATION OF PRINCIPLES

- ❧ We believe in Infinite Intelligence.
- ❧ We believe that the phenomena of nature, both physical and spiritual, are the expression of Infinite Intelligence.
- ❧ We affirm that a correct understanding of such expression and living in accordance therewith constitute true religion.
- ❧ We affirm that the existence and personal identity of the individual continue after the change called death.
- ❧ We affirm that communication with the so-called dead is a fact, scientifically proven by the phenomena of Spiritualism.
- ❧ We believe that the highest morality is contained in the Golden Rule: "Whatsoever ye would that others should do unto you, do ye also unto them."
- ❧ We affirm the moral responsibility of the individual, and that we make our own happiness or unhappiness as we obey or disobey nature's physical and spiritual laws.
- ❧ We affirm that the doorway to reformation is never closed against any human soul here or hereafter.
- ❧ We affirm that the precepts of prophecy and healing contained in the Bible and all sacred writings of the world are Divine attributes proven through mediumship.

TAPPING into YOU! With “TAPNGRL”
(Emotional Freedom Technique)
with Colette “TAPNGRL” Liose

1:00 pm – 4:00 pm; Art Gallery East
Pre-register by May 26th: \$25; After May 26th: \$35

Overview

EFT/TAPPING comes under the heading of Energy Psychology. It's commonly described as acupuncture without needles. TAPPING combines ancient Chinese knowledge of our body's meridian system with modern psychological concepts. We TAP meridian end-points while addressing negative emotions thereby clearing disruptions in our body's energy system. Grand creation of Infinite Intelligence will be presented. These concepts are meant to help with an understanding of the unity of creation and the beauty of Spiritual help we have on our journey to enlightenment.

In this three-hour workshop, you will:

- 1)) Learn what TAPPING is and where it originated
- 2) Why & how it works on EVERYTHING
- 3) Practice TAPPING so you can immediately start to use this amazing, life-changing, life-enhancing technique for yourself (This is where we spend the bulk of our time together).

Tapping is a modern-day technology for eliminating stress, anxiety, phobias, fears, weight concerns, addictions, guilt, \$\$\$ blocks, relationship issues and more. Are you ready to clear limitation and negativity (known and unknown) that is blocking you from your best Self? Then come and join the FUN of *learning and practicing* Emotional Freedom Technique (EFT) aka TAPPING (especially if you have “tried” TAPPING and did not get a result!) Even if you have attended this workshop before, each workshop is as varied as the issues and participants, which ARE ALWAYS different.

Colette “TAPNGRL” Liose found EFT, “TAPPING” in 2007. “TAPNGRL” has immersed herself in the EFT model first developed by Gary Craig over 30 years ago and has achieved fantastic results for herself and her clients. Colette has facilitated TAPPING individually and in group practice since 2008. She has a passion for teaching and facilitating TAPPING! Her goal is to remember you to the wholeness YOU already BE by releasing negative emotions and negative emotional experiences that are the blocks to your best SELF! Colette also teaches Law of Attraction and calls TAPPING and LOA the Dynamic Duo. Colette currently has a show “Tapngrl – Tapping Into You” bi-monthly on Hamilton County Television (web). TAPNGRL has authored or been featured in Indy Boomer Magazine, Natural Awakenings and Current in Fishers to name a few. Colette has taught TAPPING at local churches, hospitals, senior living facilities and in businesses. More of her story at TAPNGRL.com.

YOU Are A Superhero!
Using, Moving, and Throwing Healing Energy
with Alexander Zielinski

9:00 am – 12:00 Noon; Art Gallery East

Preregister by June 30th: \$25;

After June 30th: \$35

Overview

Where can healing take place?

EVERYWHERE! We are not limited by rhetoric and prior learning, we can help those around us with our vibration, with our words, and with channeled healing energy. You may have a specific method of delivering the energy for the receiver's highest good, or you are just recently called to this work – in either case, we'll break from tradition and construct rejuvenation bombs, uplifting electricity, battery boosts, and healing orbs.

As we move through our daily lives, we work with or we are subjected to energy. Consciously and subconsciously, we are always sending and receiving. We'll discuss what we might be impacting the world around us as we work with these energy creations:

- Are there Karmic implications of this energy work? It is our duty!
- How do you maintain it or strengthen it? Development and Utilization!
- I don't feel it – is it working? Yes!

Alexander Zielinski reflects on the phrase, "YOU are a healer". This phrase has often frightened and carried the entire weight of existence with it. Often reluctant in adolescence, Alex has been practicing some form of energy healing since childhood. However, through the study of a variety of belief and energy systems found methods to further develop his understanding of energy. Working with Spirit Guides, a group of Light Beings, and a dear friend, Alex shares this energy as a channel for healing energy and spirit communication – producing the "Constantine and Elophyny – Extraterrestrial Communication" volumes. Alex is a Reiki Master and lives and practices in Northwest Indiana.

***Shamanic Arts: Down the Rabbit Hole into a
Shamanic Journey***
with Susan A. Remek, Ph.D.

1:00 p.m. – 4:00 p.m.

Chapel Basement Séance Room

Preregister by June 30th: \$25

After June 30th: \$35

Overview

By listening to monotonous forms of percussion, Shamans the world over have entered into trance-like states and experienced other worlds of non-ordinary reality. This experience in altered consciousness – the Shamanic Journey – is thought to be the world’s oldest spiritual practice. Because it affords moments of direct revelation, the journey can be used to solve problems, obtain healing, acquire information, access guidance, and obtain help for others. In this beginner’s workshop, we’ll use a variety of percussion instruments to do one directed, one guided, and two freestyle journeys. We’ll seek out our Power Animals and our Teachers or Mentors, and we’ll look for answers to two personal questions. Time will be provided for feedback and sharing, but the primary emphasis in this workshop will be on learning by doing.

You should bring a mat or blanket for lying on the floor and writing instruments for notes. For best results with personal inquiries, you are encouraged to write down and bring with you two open-ended questions of the “who”, “what”, “how”, and “where” variety (i.e., “why” and “when” questions are discouraged for this format). Handouts with additional information and tips for private work will be provided.

Susan Remek learned to journey while studying shamanism and energy medicine with the Four Winds Society, and she graduated from the group’s Light Body School in 2016. Impressed with the power of the journey technique, she studied the methods of a range of modern shamanic practitioners, settling on the “core shamanism” of Michael Harner as perhaps the best way to introduce Westerners to the “Rabbit Hole”. Trained in literature and religion, she earned a Ph.D. at the University of Chicago for work in Spirituality and Literature.

***Keys to Spiritual Science: Sacred Numbers and
Vortex Paradigm
with Stephen Adamczyk***

1:00 p.m. – 4:00 p.m. Art Gallery East
Preregister by July 14th: \$25
After July 14th: \$35

Overview

*"If you only knew the magnificence of the 3, 6, and 9,
then you would have a key to the universe"* --Nikola Tesla

This workshop will examine the wealth of knowledge and insight that Numerology, Sacred Geometry, and Vortex Mathematics can provide to a Spiritual Aspirant.

The spiritual science of numbers can be traced back thousands of years in many different traditions. At the esoteric level, one finds the use of some form of Sacred Number Sciences to gain a deeper understanding of themselves and the universe. The workshop will begin with Numerology, perhaps the easiest of the occult arts to understand and use, as an introduction.

Continuing with Sacred Geometry, in both nature and in our society's creations, Sacred Geometry ascribes symbolic and sacred meanings to certain geometric shapes and certain geometric proportions. It is associated with the belief that God is the geometer of the world.

The concluding topic will focus on Tesla's examination of numbers and its current form, Vortex Mathematics. Vortex Mathematics not only maps energy patterns, but also provides a key to model the higher spheres. Their patterns and pathways describe the underlying pattern of the universe.

Stephen Adamczyk is a student/teacher of Spiritualism, Mystery Schools and Spiritual Science. He has been active in Spiritual Studies for 30 years, and regularly lectures at Spiritualist churches and events as well as being a presenter at Camp Chesterfield and Lilydale. He believes that as an individual gains spiritual knowledge, their perspective is enhanced which in turn promotes spiritual growth. He lives in South Lyon, Michigan with his wife, Terrie.

Overview

The Lenormand is a popular form of fortunetelling developed in the 19th century that can be used to get quick and easy answers to everyday questions. The Lenormand is a deck of 36 cards, much less complex than tarot cards, that are a great resource for divining answers to questions about career, romance, travel, and many other areas of daily life.

This workshop will cover the array of meanings for each card, explore card combinations, and provide a variety of spreads for readings. Participants will be able to observe and give practice readings as part of the workshop. Join us as we explore this classic form of divination!

It would be beneficial to have a basic Lenormand deck for your personal use, but not required.

Rev. Michael Schlotterbeck is a Spiritualist minister, medium, astrologer, tarot and Lenormand card reader, speaker and teacher. A lifelong spiritual seeker, Michael has spent the last three decades exploring various spiritual traditions and going down many spiritual rabbit holes. His current areas of obsession include Predictive Astrology, Relationship Astrology, Lenormand Cards, the Qabalah, A Course in Miracles, Spirit Art and Comparative Religion.

1:00 p.m. – 4:00 p.m. Art Gallery East

Preregister by July 21st: \$25

After July 21st: \$35

Overview

Since ancient times, mystics have reported spirit communication in the form of writing and even artistic expression that materialized without human hands interacting. Today, we call such phenomena Precipitation Mediumship. Examples exist in several religious texts, museums, churches and private collections. We will learn about numerous forms of such intelligent phenomena, how the concept of “Life Eternal” is demonstrated in physical form, how the beauty and richness of the spirit world is brought forth through the phenomena, how we all possess potentials to unfold this Gift of Spirit, and lastly, to understand the immensely healing potentials for personal transformation through demonstration of this lost art. We will hold an Experimental Precipitation Spirit Circle as a training exercise in classroom daylight. Optional: for such experiment, students may bring a (lightproof) shoebox, 10 blank white index cards (3x5), along with a few of each: crayons/colored pencils/pens/markers.

Objectives:

- Historical to Modern day accounts of Precipitation Mediumship
- Art and Spirit Writing as Spirit Communication
- Philosophical, Religious and Scientific Aspects of Precipitation
- Developing the “Precipitation-Potential” already in us
- Learn Proper Sitting/Development Protocols & Guidelines for Unfoldment
- Experience an Experimental “Precipitation Mediumship” Circle (no guarantees of results)

Rev. Kevin’s passion is clearly “all things precipitation and spirit writing”. Since 2012 when he experienced a healing epiphany (emotional and spiritual) due to witnessing Precipitation Mediumship and Spirit Card Writing, he has been literally guided by his spirit team towards ever more such experiences – so much so that now he is the caretaker of a rare Bangs Sisters painting that belonged to one of his guiding spiritual influences, Ethel Post Parrish-Riley. His collection of precipitated and spirit writing artifacts have continued to grow over the years. Many are to be shown via slides at Chesterfield during his formal presentation in 2018. You can read several of his published articles on precipitation mediumship at *The Otherside Press* (online). In addition to being a dual-certified Nurse Anesthetist and Nurse Practitioner by profession, he has now begun dedicating his time to researching,

Ambassadors of Spirit
with Chris DeSerio, MA, Cht

9:30 a.m. – 12:30 p.m. Art Gallery East

Preregister by August 11th: \$25;

After August 11th: \$35

Overview

As mediums, it's your privilege and duty to clearly communicate that which you receive from Spirit. Like any good partnership though, there needs to be guidelines for all parties involved so as to make the relationship run smoothly. The dissemination of information in the form of evidence and messages requires a constant dialogue between you, the medium, and the communicator in order to relay what's intended for the sitter (recipient) clearly and expeditiously. Spirit's communications are precious as they offer comfort and healing for the spirit or sitter, if not both, so that it's your charge to set the stage for the best contact possible. Discussion and practice of the following will work towards that aim:

- Taking a More Active Role in Your Communication with Spirit
- Ways for the Medium, Spirit, and Sitter to Support Each Other and Strengthen the Communication
- Keeping the Link with the Spirit Person
- The Role of the Sitter
- How to Address Situations and Information That Makes Delivering Messages Awkward
- Avoiding Interpreting the Communication
- Preventing a Mediumship Sitting Turning Accidentally Into a Psychic Reading

Chris DeSerio, MA, Cht is an internationally renowned medium and energy healer who took his original anxieties and fears of the Spirit World and how he seemed to feel and know things inexplicably as a child, and embraced a path of learning that he now shares in the roles of teacher, tutor, and friend. He has been interviewed and featured by numerous publications on a diversity of topics including manifesting a better life, animal communication, intuitive healing and how that comes into play as a psychotherapist and hypnotist to name just a few. He has made several guest appearances on *The Lois Wright Show* in East Hampton, N.Y. in which his unique blend of healing skills was explored. One of Chris' greatest gifts is in helping people recognize their unique connection to the Spirit World and how to best benefit from that exchange of what is love, compassion, awareness, understanding, and tremendous growth for those open to these life-changing experiences. To aid in this path of exploration, Chris authored *The 2 Keys for You to Succeed in Business and Personal Life Using Your Natural Psychic Gift*, and is busy finalizing several other texts and guides to further expand your development. Trance Healing
with Chris DeSerio, MA, CHt

1:30 p.m. – 4:30 p.m. Art Gallery East

Preregister by August 11th: \$25

After August 11th: \$35

Overview

Working with Spirit is always a healing process for both the giver and the receiver. While many processes of healing are active, such as massage and reiki, trance healing requires learning to be in a receptive, passive role so as to allow for the combination of your energy and that of Spirit's to do the work.

This workshop consists of mainly hands-on exercises and healings that will allow you to:

- Connect with your Spirit Doctors
- Set the stage for both you and the client prior to the healing process by:
 1. Explaining to the client the process concisely in lay language and any necessary disclaimers
 2. Learning various positioning of you in relation to the client
 3. Setting clear expectations of you and the client
- Achieve a trance state right for healing
- Understand the relevance of your speaking versus not doing so in the trance state
- Witness some possibilities of what may happen during your time with the client
- Avoid your wandering and interpretative mind and leave Spirit to do the work

Overview

Your loved ones in the Spirit World and spirit guides hold with them a boundless amount of love, compassion, healing, direction and laughs to share with those still here. Regardless of the method used, the feelings and information shared are equally genuine and further discoverable when you have the right tools in place. Chris helps you experience and better connect with the role of Spirit in your life thereby allowing you to be more receptive to their positive influence in having you handle some of these tools. He further discusses and demonstrates several ways in which communication is possible while showing how working with your team in Spirit can be full of whimsy and fun. Further areas of focus include:

- Realizing so-called coincidences and unusual occurrences as contact with Spirit
- Receiving messages through Mediumship
- Witnessing Communication through Table-tipping

Communication with Spirit Through Trance States **with Chris DeSerio, MA, CHt**

1:30 p.m. – 4:30 p.m. Art Gallery East

Preregister by August 11th: \$25

After August 11th: \$35

Overview

To be in a trance state is to allow spirit guides, master teachers, loved ones, and others from the Spirit World to draw closer to your energy so that you and those around you can benefit from their positive energy, influence, thoughts, and teachings. This blending of energy allows you to work with Spirit more intimately in allowing them to communicate more directly as it's through you and your energy rather than to you and then to the receiver whether it's a message, a healing, or some other form of kindness and wisdom. Trance is not just an ability to develop on its own for a couple of specific purposes, but instead has practical value in enhancing some of your already existing skills in having your own voice as well as being the voice of Spirit. Topics of discussion and hands-on practice include:

- The Various States of Trance
- Setting the Stage for Your Trance Experience
- Methods to Achieve, Maintain, and Move Amongst the Different Trance States
- Understanding Why You Would Choose a Particular Trance State
- Inspired Speaking, Channeling, and Trance Communication – Differences and How to Choose
- Ways to Move from the Trance State Back to Full Conscious Awareness
- The Role of Trance in Mental Mediumship
- Trance's Link to Physical Phenomena

Knitting as Meditation
with Dr. Mary Hooten-Bivens

9:30 a.m. – 12:30 p.m. Art Gallery East

Preregister by August 18th: \$25

After August 18th: \$35

Overview

Albert Einstein knitted when he wanted to clear his mind. Today, people are rediscovering this ages-old method of meditation. And with that, Knitting Meditation was born!

In this workshop, I will introduce the first, very basic knitting stitch and teach it to all who want to learn. I will also share some pointers to help those who are already into the craft. I will then expand on how the repetitive motion of the stitches transfers into simple meditations that can be done anywhere while knitting. I will provide patterns for items that encourage this form of meditation. Since self-care of the body is also an important component of positive health, we will finish the program by doing some simple yoga moves that strengthen and support the muscles and joints used while knitting. The program will merge knitting as meditation and yoga for the brain with yoga for the body as well! Truly improving both body and soul!

Students are encouraged to bring their own supplies of yarn, needles and a yoga mat. However, samples of yarn and needles will be available for use during the workshop.

Dr. Mary Hooten-Bivens is a retired history professor as well as a Hospice Registered Nurse. She has been a student at Camp Chesterfield since 2012. Mary became a Medium Missionary last fall. In addition to her studies at Chesterfield, she has also been taking a course of study in Pastoral Care and Therapeutic Counseling. She volunteers as both a lay minister and hospice caregiver in the Muncie community. A Grief Share Facilitator, she continues to work with hospice in a variety of ways. Mary learned to knit from her German grandmother over fifty years ago. It has since provided a great deal of pleasure and accomplishment. She has made hundreds of hats and sweaters as well as prayer shawls for local knitting ministries. Mary also designs and makes her own lace clothing and blankets as well.

When you know the language, it is easier to thrive – not just survive. You may have heard the Universe is conspiring on your behalf all the time. Have you ever wondered how to put in a request? Learn the language of the Universe so you can communicate and get what you want.

The Secret was just the beginning. We are vibrational beings living in a Universe of Motion. The Law of Vibration is real. Learn how you can harness the power of the Universe to live the life you choose.

The Universe, our reality, is made up of energy, frequency and vibration. If there is something you want that you haven't manifested, it means you are not a vibrational match. You are not a victim; you are creating your reality moment by moment. Now create consciously. Let me help you get out of your own way. This workshop offers you:

- Increased self-awareness
- Empowerment
- Play and experience
- Simple tools for daily communicating and integration

Once you have experienced a frequency/energy/feeling, you will always have access to it.

Angel Fioresi has been walking on or leading others to walk on fire since 1997, attesting to her ability to empower people to overcome fear, accomplish the seemingly impossible and have experiential shifts in beliefs. She is an ordained Spiritualist minister, certified Medium and certified Healer through the IAOS. Angel was able to build a massage therapy/healing practice in under a year that is still thriving 26 years later. She is a powerful transformational coach helping people get out of their own way, creating space for incredible shift and growth. Angel has found a unique way to successfully integrate her education/training, experience and growth in balancing the body, mind and Spirit.

***Shamanic Arts: How to Create and
Dispatch a Despacho***
with Susan A. Remek, Ph.D.

1:00 p.m. – 4:00 p.m. Chapel Lower Level

Preregister by Sept. 29th: \$25;

After Sept. 29th: \$35

Overview

A despacho is both a prayer bundle or offering and a form of “living prayer” developed by the Q’ero shamans. It is their primary way of expressing Ayni, or “sacred reciprocity” with the universe. To create a despacho, a shaman endows materials with spiritual energy, adds to these items the specific energetic concerns of those for whom the despacho is made and arranges the whole into a mandala-like structure that, when sent forth or “dispatched”, will carry human aspirations and intentions into the invisible, energetic realms. Whether constructed for an individual or for a community, a properly “dispatched” despacho effects an energetic shift in the fabric of the cosmos. It is one of the shaman’s most powerful tools for manifesting and for restoring balance and harmony to the universe.

In this workshop, you will both learn about the symbolic materials and basic types of despachos and also have your personal desires and concerns actively addressed by participating in a despacho ceremony yourself. You may use your newly acquired skills to create despachos for private use and for the concerns of others, or with your cultural experience broadened, you may simply return to your customary rituals with an awakened awareness of the different ways in which universal elements of prayer can emerge in different traditions.

Susan Remek studied energy medicine with the Four Winds Society, graduating from the Light Body School in 2016. She then toured and practiced ceremony with the Q’ero shamans in Peru’s Sacred Valley in 2017. She has participated in a large number of Despacho ceremonies, understand and appreciates the soul of the work, and agrees with the Q’ero shamans that now is the time to share their treasure with the world. Raised in a family of physicians, Susan credits her openness to shamanistic healing to a dramatic personal experience, to her “day job” with a parapsychologist, and to the call and encouragement of her Zulu guide. A student of English and religion, she earned a Ph.D. at the University of Chicago for work in literature and spirituality.

Preregister by Sept. 29th: \$25;
After Sept. 29th: \$35

Overview

Have you ever had a dream in which your lips were barely touching those of the man or woman of your dreams...and then you fell out of the dream? How about a nightmare of a roaring lion chasing you through an endless savannah that always ends as soon as you realize you're dreaming? Or maybe you were told a fundamental secret of the Universe by a benevolent dream being, but you couldn't understand what s/he was saying? What if I told you that you can go back into your dreams? What if I told you that you can bring your friends along too – as back-up?

This is the reality of Dream Reentry and Tracking, a core practice of Active Dreaming, a mode of dream work that combines the best elements of modern dream work and ancient, world-wide shamanic dream practices. Using the shamanic drum to propel our journeys, we will experience this potent practice together. Come with a dream that delights, frightens or befuddles you and we will experience how even scary nightmares can contain potent gifts of soul to make our lives better.

Clairvoyance, Symbols & Signs
with Lorrie Dilts

1:00 p.m. – 4:00 p.m. Art Gallery East

Preregister by Oct. 6th: \$25;

After Oct. 6th: \$35

Overview

The Spirit world communicates with us in many ways. We see signs around us every day that have meaning to us. We also see images in our Minds Eye or Third Eye using our clairvoyance. We ALL have clairvoyant abilities that can be enhanced. Have you ever wondered why an image seemed to appear randomly in your mind or why you keep seeing the same numbers over and over and suspected it was a message or guidance from a loved one? It's up to each of us to not only recognize the symbols and signs we receive but to also establish a working relationship with the Spirit world so they use the symbols that make the most sense to us. It truly is a partnership between us and those in Spirit and it's up to us to recognize that. They already do!

Understanding the meaning of the signs and symbols from a personal perspective enables us to receive a great deal of information or guidance quickly and confidently – a picture truly is worth a thousand words.

In this fun, interactive workshop, participants will:

- Gain understanding of the Clairvoyant abilities you already possess
- Expand your abilities through using new techniques and exercises

***Forgiveness: Everything You Ever Wanted
is on the Other Side
with Eddie Lee***

9:00 a.m. – 4:00 p.m. Art Gallery East

Preregister by Oct. 13th: \$50;

After Oct. 13th: \$75

Overview

The purpose of this workshop is to guide seekers in their journey to find their true identity with the Source of all Creation. It is presented as a two-part workshop with each part consisting of three hours. Everything you desire is on the other side of *Forgiveness* for forgiveness is the mystical key that opens the gate to the pathway of unity to the Source of all. When properly understood, forgiveness dissolves fear in all its manifestations.

Session One: Attendees are given the tools to unlearn everything they currently know of forgiveness. For true forgiveness includes letting go of even those subtle judgments that blind our eyes to the Truth. Students will be given insights into how to find their blocks to spiritual growth through meditative and written exercises that will help them recognize just how prevalent and subtle are the judgments that keep us from knowing our True Selves.

Session Two: In the afternoon, we will guide students to a journey to heal their minds and bodies by showing them how to acknowledge and release past and present hurts and resentments. Tools such as role-playing, meditations and correct self-talk exercises will be used to build a foundation for spiritual forgiveness that will be with them in their daily lives long after they have attended the workshop.

Eddie Lee is a spiritual teacher with a passion for guiding others to create positive change in their lives by seeing obstacles as blessings in disguise. And the events of Eddie Lee's life merged to make him uniquely qualified for the messages he presents. Eddie has a background in teaching higher education. After earning his Bachelor of Science degree from the University of Central Florida, he did his graduate studies at the University of Florida in Gainesville where he also taught chemistry, biochemistry and anatomy and physiology to allied health professional students before losing his eyesight to a genetic disease. After struggling with losing his eyesight, Eddie realized that he had to make a decision about what his future was going to be. As he started the process of learning to live his life without sight, he understood that in order to move forward he would have to begin the process of forgiving anyone and everything that he felt had wronged him. Following the voice of Source, he began a journey that transformed his life in ways he never knew possible. Today he uses this experience to help others find their personal journey to wholeness. As the assistant spiritual leader for the Unity Church of Jacksonville, Eddie facilitates classes devoted to the art of thought. He also hosts and facilitates workshops, seminars, writes two daily blog postings, makes inspirational videos for YouTube posted by *Transcending Me*, records Daily Inspirations using the Anchor Radio app, and is the author of *Forgiveness: The Key to Letting Go* as well as inspirational reading books *40 Days Walking in Forgiveness: The Path to Eternal Peace*, *40 Days Walking in Peace: Your Path to Heaven's Gate*, and *40 Days Walking in Love: The Path to All Joy and Peace*.
