Welcome to the
Chesterfield Spiritualist Seminary And School of Metaphysics

“Where there is no vision, the people perish”

--Proverbs 29:18

From the Dean of Education and the Education Committee

Welcome! You've come to the right place to either begin or continue your study of Spiritualism and metaphysics. Our academic program has been in place since 1943. Over the years, we have enhanced and expanded our course offerings in some areas and have also maintained the traditional and foundational curriculum of Spiritualism and metaphysics.

The mission of the Education Committee is to assure that students of the Chesterfield Spiritualist Seminary and School of Metaphysics are offered a focused, well-rounded and relevant curriculum and learning opportunities. The Education Committee has been working diligently over the past year, to expand and enhance our academic program to make sure our students are prepared to carry out the expectations and duties of their certifications and Ordination. Many thanks to the Board of Trustee who approved this enhanced academic program on August 27, 2017.

We are proud to formally announce our 2018 enhanced and expanded curriculum in this Academic Resource Book. Along with the new curriculum and certification requirements, you'll also find class descriptions for the new classes.

Whether you are searching for answers, beginning your spiritual journey, studying for spiritual healing or the ministry, or becoming more deeply involved in your pursuit of self-realization, you will find what you're looking for on our sacred grounds. Our programs are specifically designed for not only advanced students, but for the beginning students as well.

Students who are currently working toward a specific certification or Ordination will complete that certification under the current program. Students who have completed at least half of the classes required for the next level of certification will complete that certification under the current program. They will then begin the next level of their studies under the new program. All classes that have been previously completed under the old program will be applied to the requirements of the new program where applicable. All students should be participating in the new program by 2020 .

If anyone has questions about this program, please contact either Rev. Jane DeVore, Dean of Students or Rev. Lynda Richey, Dean of Education.

After consideration of the logistics involved, the Education Committee recommended to the Board of Trustees that the current program of having two Consecration services per year be continued. The Board approved our request. Therefore, **there will be two Consecration services per year: one at the end of the April week-long seminary and one at the end of the October week-long seminary.** Also beginning in 2018, students participating in the Consecration services will be wearing robes specific to their level of certification. Each level of certification and Ordination will be represented by a unique color. Robes will be available for students to use for a nominal fee of \$10. This charge will be for cleaning and maintenance of the robes.

IAOS member and non-member tuition, including waiving of the registration fee with advance registration, remains the same for the 2018 academic year. Please check the registration forms for the advance registration date to take advantage of the discounted tuition. **Another change that was approved by the Board of Trustees is that a \$15 late registration fee will be charged to students who register after the close of walk-in registration at each academic session.** Walk-in registration and advance registration check-in dates can be found on each registration form.

Once again this year, in addition to our required classes, we have some thought-provoking electives offered by our outstanding teachers. These elective classes bring a variety of philosophies and concepts on interesting subjects guaranteed to appeal to the most inquisitive minds.

For your convenience, students can now register for classes and pay tuition on-line at Camp's web site www.campchesterfield.net. Please give it a try. We think you'll like it.

I would like to thank each member of the Education Committee for their dedication and commitment to the advancement of our academic program. The members of the Education Committee are: Rev. Jane DeVore, Rev. Wahna Irvine, Rev. Michael Jones, Rev. Todd Leonard, Rev. Terry Ryan and the late Rev. A. Win Srogi. Special thanks to the Board of Trustees and Rev. Vicki Corkell for her support of this Committee and her creative mind and strong commitment to Historic Camp Chesterfield.

Blessings,
Rev. Lynda Richey
Dean of Education
