Historic Camp Chesterfield

Presents:

A Meditation Retreat:

“Looking Within for Peace and Love”

June 7th-9th, 2019

With Special Guests: The Mystic Voices

Meditation is an ancient practice used in many cultures across the world to attain peace, enlightenment, and self-efficacy.

Participants will be exposed to a variety of meditation practices using various tools and techniques to help reach a meditative state where the many benefits of meditation can be obtained.

Individuals can then take these practices and incorporate them in to their own daily meditation practice. Attendees are encouraged and welcomed to bring cushions or tools they commonly use in their own meditation practice for maximum comfort during the weekend.

Friday, June 7th
